COLOMBIA GETS ANGRY

Will Demand Explanation of

Nicaragua by Force.

FOR PART IN REVOLUTION

Entente Cordiale Declared Off

Till Further Notice.

Washington, August 29.—Colombia will

formally demand of Nicaragua an expla-

nation in regard to the latter country's

alleged participation in the revolution

against the Colombian government and

back up her demand with the most for-

midable land and naval force she can

muster, as soon as the present rebel ac-

tivity on the isthmus has been crushed.

Information to this effect was received

from an authoritative source in Washin-

gton today.

The above intelligence causes consider-

able surprise in diplomatic circles, for

but a few weeks ago it was announced

that Mr. Concha, the Colombian minister,

and Mr. Correa, the Nicaraguan minister,

had established an entente cordiale be-

tween their respective governments; that

by so doing they were regarded as by-gones,

and that the time was ripe for a satisfactory

understanding by the two governments.

It is now learned that the initial move

toward the establishment of an amiable

understanding between Nicaragua and

Colombia was made by Mr. Correa who

also proposed to Mr. Concha an adjust-

ment of the difficulties which have so

long been pending over Colombia's claim

to the ownership of a strip of what is

claimed by Nicaragua to be part of her

coast line. Minister Concha declined to

accede to the latter proposition declaring

that a claim which Colombia had brought

forward for so many years could not be

adjusted, or in fact brought to any mat-

terial degree toward adjustment by the

method suggested by the Nicaraguan

minister. However, Mr. Correa was an-

grily willing to join Mr. Concha in the

establishment of an entente cordiale.

Shortly after Minister Correa's arrival

in Nicaragua, where he went some weeks

ago on a leave of absence the Colombian

minister here it is stated received in-

formation to the effect that arms and

ammunition for the Colombian rebels on

the isthmus were being shipped from

Corinto. The Colombian legation here

has been receiving reports of this char-

acter continually and in view of the ar-

rangements effected with the Nicaraguan

minister before he left Washington, Sen-

tor Concha lost no time in calling Mr. Correa's

attention to the matter. The latter offi-

cially replied that President Zelaya would

immediately institute an investigation to

ascertain if the reports were well found-

ed. A short time ago, however, more reports

were received in Washington to the ef-

fect that Nicaragua still continued her

material support of the revolutionists on

the isthmus and Colombia now, it is

stated, finds her patience exhausted and

declared to present a formal demand for

a satisfaction. Meanwhile it is under-

stood the entente cordiale has only a

DISMISSED FROM THE ARMY
Two Officers Receive Severe Censure
for Contumacious Defiance.

Berlin, August 29.—Capt. Von Frankenburg has been dismissed from the army
on account of the violation given some
time ago at Gumbinnen, East Prussia,
to Lieut. Hildebrand, the pardoned duelist.
Another officer, who commanded
Hildebrand's cavalry escort the day of
the manifestation has been transferred
to the commissary corps and Hildebrand's
regimental commander, Lieut. Col.
Weiss, and Major Dieckhoff have re-
signed upon demand, although they did
not participate in the demonstrations
and were unaware that they were pro-
secuted. The dismissal of Von Frankenburg
and Lieut. Hildebrand were so sudden that
they had to be recalled from the man-
euvers where they were on duty.

ALLEGED EMBEZZLER CAUGHT
J. R. Weakley in Montgomery County
Arrested While Driving Stage.
Independence, Kan., August 29.—J. R.
Weakley, who disappeared five years
ago after being charged with embezz-
ling about \$2,000 of the funds of Cherry
township, Montgomery county, as its
treasurer, was arrested last night. He
was given a preliminary hearing today,
but made no plea and was bound over
to the district court. After Weakley's
arrest his home was forfeited. He is
supposed to have spent the greater part
of the past five years in Missouri, but
within a year he returned to Kansas and
secured a contract for carrying the mail
between Hoxie and Pheasant. Upon re-
turning from one of his trips last night
he was arrested by Sheriff Souder.

TO BE RACE FOR \$60,000
Thirty Horses Entered for Big Event
at Sheephead Bay.
New York, August 29.—The futurity
for a stake of over \$60,000 and with a
record-breaking list of entries for that
great event will be run as the fourth
race at Sheephead Bay track to-mor-
row. Thirty-one horses are entered.
Doubtless there will be six or seven post
announcements, but it is fairly certain
that fully twenty-five colts and fillies
will face the line over the 133 yards
and one foot race for the futurity prize.
Not since 1888, when Proctor Knott won
the first futurity, has there been more
interest than in the race set for to-
morrow. With a grand pool of good watch-
ers and the course in splendid condition,
the attendance may be expected to tax
the capacity of the stand and field.

THE LANDLADY'S SON
Set Right by a Border.
Most people are creatures of habit. The
person who thinks he cannot get along
without his morning drink of coffee is
positively hard to convince unless he is
tricked like Mrs. Clara Hoffman of Port-
land, Ore., treated her landlady's son.
She says: "Having suffered with stom-
ach trouble for several years I deter-
mined to discontinue the use of coffee
and try Peppermint Food Coffee."
"I carefully followed directions for
making and the result was a beverage
very pleasing to the taste. I induced my
husband to give it a trial and soon noticed
the improvement."
"He complained of heart trouble," but
as he drank coffee I felt sure that this
was the cause. He proved to be so. After
using Peppermint Food for a short
time his heart trouble completely disap-
peared."
"Last year we went east and while
there he developed a private family. Our
landlady complained of sleeplessness and
her son of obstinate stomach trouble. It
was a plain case of coffee poisoning in
both. Knowing what Peppermint Food
had done for me, I advised a trial, but the
son declared he wanted none of that "weak
water stuff." Well, I had been making
Peppermint Food for myself and husband
and next morning I offered him a cup
and he drank it, not knowing what it
was. "Well, I said, you seem to like
Peppermint Food after all." "What he ex-
claimed was not Peppermint Food, but
Peppermint Food. Mother, if you learn to make it
like this I will always drink it." The
next morning she watched me and I ex-
plained the importance of allowing it to
boil long enough. After that we all
drank it regularly and our landlady and
her son soon began to get well. They
continued its use after we returned home
and recently wrote me that they are
improving daily."

NIGHT BEFORE BATTLE

Ports Along Atlantic Assume

Warlike Appearance.

FIGHT BEGINS SUNDAY

Higginson Puts Out to Sea to

Locate.

Newport, R. I., August 29.—The night

before the battle finds the army of de-

fense in the several ports along shore

between New Bedford and the east en-

trance to Long Island sound, practically

in readiness to repel the attack of the

hostile fleet, under the command of Ad-

miral Higginson. The only thing that

remains is the additional armament on

both sides, the Massachusetts heavy ar-

tillery for the shore and the Massachu-

setta, Connecticut and New York naval

militia for the fleet. These organiza-

tions will arrive tomorrow afternoon. The

artillery will at once be distributed

among the posts at the entrance of Nar-

ragansett bay and also at New Bedford.

As to the naval militia, the gunboats

Mayflower and Scorpion will be here in

readiness to receive the Massachusetts

and Connecticut troops, the New York

naval militia arriving on the Supply.

These boats will immediately leave for

sea and militia will be distributed among

the vessels of the fleet. It is expected

that the fleet of Admiral Higginson will

disappear from the coast some time to-

morrow night and will not be heard from

again until the attack is made.

The principal event today in this vic-

inity was the arrival of Major General

MacArthur, commander of the depart-

ment of the east, on a tour of inspection.

He was received at Fort Adams late in

the afternoon and a long consultation was

had tonight at headquarters. After his

inspection of the three forts defending

Narragansett bay, General MacArthur

will leave for New Bedford, probably to-

morrow afternoon. A large number of

signal stations, reaching from Fort Ad-

ams along the southern end of Rhode

Island, which is practically the city of

Newport, have been established by the

army. The stations are all in telephonic

communication with headquarters at

Fort Adams. A wireless telegraph sys-

tem has also been established between

Fort Adams and the main land and also

with the forts on Conanicut island and

Dutch island-Fort Wetherill on the for-

mer and Fort Greble on the latter. The

main reliance of the army of defense in

this vicinity is the searchlight station at

Price's Neck, very close to the life sav-

ing station. It is hoped that this station

will be able to pick up, by means of its

powerful light, any vessels of the enemy.

It is also a very desirable point and

may be the scene of an attack, with

the object of cutting the wires. The

mines at the entrance of Narragansett

bay are practically in position and the

unmanned observers all left for their

different positions early this afternoon

and tonight are expected to be ready for

duty. The date of the commencement of
